

## Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water  
before breakfast to wash  
out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast, the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the internal organs.

The millions of people who are bothered with such ailments as biliousness, stomach trouble, rheumatism, others who have sallow skins, blood disorders and acid complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone who has pronounced cramp on the subject of internal sanitation.—Advertisement.

## CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH OF THE NOSE AND HEAD.

If you know of some one who is troubled with Catarrh of the Nose, head aches or ordinary catarrh cut out this formula and hand it to them and you will have been the means of saving some poor sufferer perhaps from total deafness. In England, catarrh is a long time past been recognized as a constitutional disease and necessarily requires a constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ears which frequently means total deafness, or worse. The disease is driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the famous English climate is a constitutional treatment and should prove especially effective in cases where the disease is of long standing. It is a most favorable climate condition.

Secure from your pharmacist a ounce of Eucalypti (Eucalypti) strength. Take this home and add to it a pint of hot water and a ounce of granulated sugar. Stir until dissolved. Take one tablespoonful four times a day. It will give you a quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and the inflammation in the eustachian tubes is reduced. Eucalypti has a powerful way as it acts directly upon the blood and mucous surfaces of the system and has a slight tonic action that facilitates the recovery of the patient. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh should give this treatment a trial.—Advertisement.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but without the bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the troubles and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "biliousness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "perk up" the spirits. At 10c and 25c per box. All drug stores.

## ROOSEVELT SENTIMENT CRYSTALLIZING

O. M. Warrander, Standpatter,  
Back From the East.

Reports Strong Tide Towards  
T. R. in Several States.

## SAYS THE CHANCES ARE GOOD

That the Colonel Will Be Nomi-  
nated at Chicago.

Slogan "America First" Ap-  
peals to a Topeka Man.

Roosevelt sentiment is rapidly crystallizing in the east, according to O. M. Warrander of Wichita, who spent a few hours at the state house today, after a business trip to several eastern states. Warrander is a thirty-three year old standpatter. He has always been opposed to the colonel. He is opposed to him now. But Warrander told friends today that he could not shut his eyes and miss seeing the growth of Roosevelt strength in the east.

Warrander is a widely known cattle loan merchant. He also owns extensive ranch and grazing interests in Kansas and New Mexico. Recently he spent six weeks in Illinois and middle eastern states. He stopped in Topeka while on his way to his home in Wichita. At the state house today Warrander told several friends that the crystallization of T. R. sentiment in the central east was one of the features in the pre-convention situation. "I was opposed to Roosevelt in 1912 and I am opposed to him now," Warrander told friends. "I do not want to meet the present crisis and protect the national honor," declared Jones. "His recent slogan, 'America First,' appealed to your patriotic instincts and stamped the colonel as a real man of the hour."

TOPEKAN FOR T. R.

Elbert E. Jones, 1152 Washburn avenue, Topeka, is a strong Roosevelt advocate. Jones believes the colonel should be nominated by the Republican national convention in Chicago and believes the man from Oyster Bay is the one presidential possibility who is equipped to meet the present situation.

"His fitness, courage and far-sightedness in dealing with international affairs, and his ability to bring about a final settlement without embarrassment to the nation, has qualified Theodore Roosevelt as the man to meet the present crisis and protect the national honor," declared Jones. "His recent slogan, 'America First,' appealed to your patriotic instincts and stamped the colonel as a real man of the hour."

## STARTED REVOLT

'Frisco Irish Paper Tells What  
Precipitated Uprising.

Secret Document Revealed Plan  
to Jail Sinn Feiners.

San Francisco, May 12.—The Leader, an Irish publication here, prints today a purported copy of a document alleged to have been issued secretly by the British government and the discovery of which is said to have precipitated the recent revolt in Ireland.

According to the Leader, the document fell into the hands of Tom Kelly, a Dublin alderman, who read it at a special meeting of the city council the Wednesday preceding the riots. The secret of the government plan of preparedness was the signal for the uprising.

The document, according to the alleged copy, "had the sanction of the Irish officials, on the recommendation of the general officer commanding the forces in Ireland."

Ordered Military Control. It declares that on receipt of an order issued from the chief secretary's office, Dublin castle, and signed by the undersecretary and the general officer, that certain measures be put in force immediately. These measures included the arrest of all members of the Sinn Fein national council, the central executive Sinn Fein volunteers, general council Irish Sinn Fein volunteers, county board Irish Sinn Fein volunteers, executive committee National Volunteers, and a committee of the Gaelic league.

The alleged document directed that the Dublin metropolitan police and Dublin be confined to barracks; that provision be made to notify inhabitants to remain indoors, "until such time as competent military authority may otherwise direct or permit;" and gave directions for military occupation of certain premises throughout the city.

## MONTANA ROUGH RIDERS WANT TO GO TO MEXICO

Helena, Mont., May 12.—One hundred cowboys of Montana have offered their services to the local United States recruiting office, for war with Mexico, it was announced today. A cowboy delegate who made the offer to the army officers here said a thousand range men could be secured in ten days.

## ASK 1500 BABIES

Chicago Priest Gathering Bel-  
gian Children for U. S.

Already Has Found Homes for  
600 War Orphans.

Paris, May 12.—Wanted, 1,500 Belgian war orphans. This is America's latest appeal to battle-scarred Flanders.

Rev. John B. de Ville of Chicago today is heralding it throughout America's tiny kingdom. The Belgian-American alliance commissioned the Illinois clergyman to the task. Reports of his progress have reached the French capital.

Father de Ville personally is rounding up the great throng of youngsters. Boys and girls, ranging from 2 and 3 to 13 years, are his guests. Belgians and Belgian-Americans, living in the state, have supplied him with the names and probable whereabouts of orphaned nephews, nieces and grandchildren. All now are waiting to gather the little motherless and fatherless chicks under the peaceful shelter of their own wings.

Not a few "inhyphenated" Americans are also parties to the charitable enterprise.

The clergyman's searches are taking him into city and hamlet. Everywhere he is forced to foot his way into avenue and byroad. War denies him the luxury of either horse or automobile. Fifteen, sixteen and even twenty miles he covers in a single day. Very short and very stout, he puffs along with much effort, but with good old Yankee cheerfulness he makes the best of it.

Railroad and ship tickets for the brood already are provided. Father de Ville in person will escort the 1,500 children to America. Afterward, he will supervise their adoption, for the most part in the south and west.

War-time works of mercy are not new to Father de Ville. Some months ago he placed 600 Belgian war orphans in childless American homes. Previously he had settled a colony of Belgian farmers and their families in the states.

## DENY VIOLATIONS

England Ready to Prove She  
Upholds War Laws.

No Peace Until Militarism  
Crushed, Says Cecil.

BY WILBUR S. FORREST.

London, May 12.—Great Britain is prepared to prove that the measures she has taken against German trade are in strict accordance with the principles of international law.

Lord Robert Cecil, British minister of blockade, made this reply to charges in the German note sent to Washington last week, in the course of an interview with the United Press.

Lord Robert did not attempt to indicate what course the British government would pursue in the event that the United States followed Germany's suggestion and pressed England for a change in her methods of warfare against the Kaiser's empire. He declared, however, that the British government is ready to meet the German charge that the submarine method was adopted as a measure of reprisal of the British blockade, with an overwhelming display of evidence.

Denies Starvation Plot. The British cabinet member also met the discussion of peace contained in the note. He declared that in his speech of December 7, before the reichstag, the German chancellor accused England of falsely attributing peace rumors to Germany. The German government now admits it has proposed peace twice.

He affirmed that England will make no peace until England is free from the "intolerable menace of Prussian militarism."

So far as is known, said the British blockade minister, the British blockade has cost the life of no neutral. He compared this fact with the heavy toll of neutral lives taken by German submarines.

He quoted the German chancellor and also Bismarck as proving the British blockade is not starving helpless non-combatants.
